SUMMERHOUSE
Recruiting & Training Services

Summerhouse Houston excels at supporting employers in meeting their personnel and business goals by considering an often-overlooked sector of the workforce: people with Intellectual Disabilities and/or Autism. We work with employers to understand their unique business needs and then match those needs with the strengths and skills of a qualified candidate.

Employing someone with a disability is a smart decision for your business and workplace culture!

How do you benefit by hiring persons with disabilities?

Businesses benefit by increasing the diversity of their labor force, inspiring innovation, improving productivity, and increasing favorable public perception.
